## DEPARTMENT OF THE ATTORNEY-GENERAL

### LAND REGISTRY ACT

Order in Council No. 2568, Approved  
November 15th, 1960

THAT it is proposed in accordance with the provisions of the *Land Act* to grant to the Alberta Natural Gas Company, a company incorporated by a special Act of Canada (hereinafter called the "Company"), rights-of-way over certain Crown lands for the purpose of constructing and operating a pipe-line in connection with the Company's undertaking:

That the Company has submitted that it would be expedient and in the interests of all concerned if the title conferred by these grants could be registered under the provisions of the *Land Registry Act*:

That the *Land Registry Act* permits registration of these estates only where the title of Her Majesty appears in the register, and accordingly the Legislature has endowed the Lieutenant-Governor in Council with power to make regulations permitting and governing the registration of these estates as enacted by subsection (2) of section 257 of the *Land Registry Act*:

That in certain areas the grant will be issued on the basis of a preliminary or interim type of plan of the right-of-way, based upon the plans prepared for the National Energy Board, showing a width of the right-of-way of eighteen hundred feet, in order to allow sufficient width to determine the dimensions of the right-of-way when the pipe-line is actually constructed, and that the width of the final right-of-way will, except in special cases, be reduced to sixty feet, and it is therefore expedient to prescribe regulations governing the preliminary and final surveys of the right-of-way:

And to recommend that, under the provisions of the *Land Registry Act* and all other powers thereunto enabling, the following regulations be made:—

1. A Crown grant of the right-of-way in favour of the Company shall be transmitted to the proper Land Registry Office, and when received the Registrar shall enter Her Majesty as the owner of the land described in the Crown grant in the register; and upon application being made for the registration of the Company's title to the right-of-way, and upon compliance with the provisions of the *Land Registry Act* and of these regulations in so far as they are applicable, shall register the title by endorsing a memorandum thereof on the register; provided that the boundaries of the land described in the Crown grant and in the register shall be subject to amendment to conform with the boundaries as defined by the final plan, as under Regulation 4, and in accordance with the procedure prescribed under Regulation 5.

2. On completion of construction of the pipe-line, the right-of-way shall be reduced and surveyed to a total width of sixty feet, except where a greater width is deemed necessary, and subject to the approval of the Surveyor-General.

3. Where the final location of the pipe-line is determined before construction, the final survey may be made before construction, except for posting, but such posting shall be carried out within eighteen months after the completion of construction of the pipe-line.

4. Within eighteen months after completion of construction of the pipe-line, the Company shall prepare a final plan of the right-of-way, based upon a survey in accordance with the provisions of the *Land Registry Act* and the regulations which the Surveyor-General has issued or may issue, and shall deposit such copies of the plan with the Surveyor-General as he requires. The Surveyor-General shall, after approval, transmit the necessary number of copies of the plan to the proper Land Registry Office for deposit.

5. When the final plan has been deposited in the proper Land Registry Office, the Registrar shall amend the register which shows Her Majesty's title to the land comprising the right-of-way and the title of the Company by striking out the description of the land therein and substituting therefor the description of the land according to the final plan, and shall endorse a note of the Order in Council on the register; the latter description shall limit and govern the boundaries of the right-of-way and shall relate back to and have the same force and effect as if that description were contained in the original Crown grant of the right-of-way and registered in the register. ja19—510
